$50,000 average savings on unverifiable change orders

Workforce Management

- **Labor Oversight:** Detailed visibility into site personnel, locations, and tasks.
- **Schedule Integration:** Syncs with project management tools.
- **Analytics & Reporting:** Insights into workforce efficiency and operations.
.

"Genda adds value. It has enabled us to go from a $500 million a year contractor to potentially a billion dollar a year contractor without adding any more support in the corporate office."
-Warren Andres, President ANDRES Construction
